# COMMUNITY OFFICE HOURS

This series provides a virtual space to share information that expands community knowledge and capacity, and to build relationships with BSAS and across Massachusetts

**Monday, June 22**  
**10am-12pm**  
**Bright Solutions**

**[Register for Zoom meeting here](#)**

This session will introduce the foundations of primary substance use, highlighting the strengths, protective factors, and community conditions that support positive outcomes. We will explore how prevention complements intervention and treatment by building environments where wellness and connection can grow. It will also provide practical strategies for starting, strengthening, and sustaining community coalitions that bring schools, parents, youth, organizations, and local leaders together around a shared vision for prevention and community health.
